

**On-Going Walking Field Trip to Magnolia Park
Permission Slip for 2014-2015
Mary Collins School at Cherry Valley**

Our class will be doing habitat, plant and soil studies at the park surrounding the Magnolia Housing Development through out this year. It is the perfect extension to our nature trail. We will be going for observations, reading, writing exercises, data sampling and just plain exercise. We will always have at least two adults with us, a cell phone, emergency cards and first aid kit and will always notify the office on our way out and our way back. While I will try to give you a heads-up when we go, occasionally we will go just because it seems like a good day to get out! We will be gone for about an hour on each trip. We will always go by foot. There is no cost for the trips.

If you have any questions or concerns please let me know. We really enjoyed our hikes last year and are looking forward to taking our first hike this year!

Sincerely,

Gena Richman

**Mary Collins School Walking Field Trip Permission Slip
Ongoing 2014-2015
Magnolia Park**

I give permission for my child _____ to
take weekly walking field trips from school to Magnolia Park and back again.
